

## Right Here And Now

---

Let me just rest in the light of my King  
Let me get lost in the waves of His peace  
Let His fullness of love overtake my whole being  
So my spirit and His are in sweet harmony

Right here and now - Lord You are my need  
And my weary soul is longing to be  
Conformed to Your Word, fulfilled and complete  
So as I draw near, Lord draw nearer to me
